Instructions for completing your required summer review work

- Return to khanacademy.org to log back into your account.
- Click the “Assignments” tab to view the ten assignments you are responsible for completing this summer.
- Choose an assignment to work on and click the “Start” button to begin each assignment.
- Complete the assignment by entering correct answers into the answer fields and clicking the “Check” button. Be careful, if you miss a question on the first attempt, it will be marked wrong. Click the “Next Question” button to move onto the next question.
- When you are finished with the last question of the assignment, click the “Show Summary” button to see your score. It is possible to get any score ranging between 0% and 100%, however you will need to get 100% on the assignments to receive credit for completing it.
- Return to the “Assignments” tab to view your progress. If you have a score of 100% on an assignment then you are finished, if you have a score that is less than 100% then you

will need to click on the “Try again to beat your score” button for another attempt. You may attempt to get 100% as many times as you need. Only assignments that have been completed at 100% will receive credit. For instance if you get 100% on nine assignments and 85% on the tenth, you will earn 90% on this Summer Review Work.

- Once you have 100% on all ten assignments you are done with your summer work!
- This assignment is due on Wednesday August 22nd.
- This summer review assignment is worth 50% of the homework grade for the first unit of the year.
