

### **Middle and High School Engineering/Robotics Teacher**

Trinity Christian Academy of Lexington, Kentucky is seeking a dynamic, innovative, and engaging engineering teacher for 6th-12th grade students. This position also includes teaching Study Skills and Digital Literacy, coaching our Robotics teams, and assisting with IT needs.

Successful applicants will have experience with classroom teaching, and appropriate experience with engineering and technology components of classroom instruction.

Applicants must have a minimum of a BS/BA in a related field. A MS or MA is preferred. Interested candidates should email a cover letter and resume to Luke McAnally, Principal of the Schools of Logic and Rhetoric, at [lmcanally@trinitylex.org](mailto:lmcanally@trinitylex.org). For more information on our school and to view our application, please visit [www.trinitylex.org](http://www.trinitylex.org).
